Introduction

Who can order

Records Managers (RMs) or their assigned staff.

How to purchase signs

Because the bulk signs program is no longer being supported by central funding, all offices are required to pay for all signs (regardless of quantity) ordered from the PMDS. Signs are to be ordered using a separate requisition form (B 1556-001, PMDS Requisition Form). Please include a Government Purchase Card number for the cost of the ordered signs. Upon receiving your credit card bill you will charge to the appropriate funding code as required. RMs are requested to FAX or E-Mail their Form 1556-001 their sign orders, The PMDS FAX Number is 303-236-0845 (Cover sheet and follow up hard copy not required). Those that have electronic version of the Form 1556-001 can email the order as an attachment to the PMDS Public Group e-mail address is BLM_NCS_PMDS@blm.gov.

Signs not listed within the PMDS catalog are categorized as Special Purpose Signs. These are signs that are ordered from the National Sign Center located at Rawlins Field Office, Wyoming. The National Sign Center charges its customers the full cost of producing each sign. Orders should still be submitted on Form 9130-3, Bureau Sign Shop Requisition. A Government Purchase Card number or office cost code will be accepted for payment. The National Sign Center website contains information on estimating the cost of each sign: <http://www.wy.blm.gov/signs/>. For questions concerning this process, please contact the Sign Center at 307-328-4327.

Pricing

The inventory system located at PMDS automatically establishes the cost for the signs when received from the printer. Price includes the total printing cost of each sign averaged with the existing value of signs already in stock. For a listing of prices for the signs go to the PMDS website: <http://nbcweb.blm.gov/pmds/signs.htm>
